Guests, please visit our Welcome Center for information about our ministries and to sign our Guest Book.

The News

Sad News: The Lenckus (Burwinkel) family suffered a great loss June 14th. Their home burned to the ground. Hollie (Burwinkel) Lenckus was an RLC member, her parents still are. The ARK is helping this family, collecting money, clothing, toys, etc. There is a designated can in the Preschool Office.

Stop by and visit our **second Worship service** at 11:00 am today in the Celebration Center. This will be a casual, informal Worship service, and we will keep it within 45 minutes. **Several volunteers are needed** for these services— especially for the July 4th service. Please see sign up sheet in the Narthex.

Briarwood Summer Camp—Are you looking for something special for your children or grandchildren to do this summer?

Have them come to camp at Briarwood! There are still openings available, from 6/13 to 7/31. Camp week is from Sunday to Friday. We have programs for children who completed 2nd grade through high school. Scholarships are also available. What a chance for your children to have fun and grow in their faith. In addition, we also have 2 weeks of day camp for children ages 4 through 12 from 9 contact Jean Oswald at jean@briarwoodretreat.org for more information.

The **RLC Food Cart** will be delivered to Mt. Olive, Dallas on **July 18th**. It would be wonderful if we could fill it to overflowing before that date!! Many items are needed: peanut butter, canned tuna or chicken, Mac & Cheese, canned fruits or veggies, baby formula, powdered milk, wet wipes, and diapers, etc.

The Green Lutherans —

Although consumers rarely make the connection between the everyday plastics products and the packaging they buy and the growing problem of toxic pollution, many of the chemicals used in the production and processing of plastics are highly toxic. In an EPA ranking of the 20 chemicals whose production generates the most total hazardous waste, five of the top six are chemicals commonly used by the plastics industry.
